Big push for sports infrastructure in Mysuru

Sports Complex to come up at Hanchya-Sathagalli

- **Proposal submitted to MUDA for state-of-the-art facility on 25.2 acres**
- **To include synthetic athletic track, a world-class cycling velodrome**

From left: ***Mysuru District Cycling Association Hon. President Ramesh Narasaiah, DYES Assistant Director Bhaskar Nayak, Association Secretary Lokesh Narasimhachar and Cycling Coach Fariyal Jamadar, who recently inspected the MUDA land*** *(circled in red)* ***at Hanchya-Sathagalli along Ring Road in Mysuru for the proposed cycling velodrome.***

Mysuru, May 5 (MTY&VNS)- In a significant boost to Mysuru's sporting infrastructure and a major win for sports enthusiasts, the city is set to get a sophisticated, multi-discipline sports complex equipped with modern amenities. While residents were already excited about the announcement of an international cricket stadium at Huyilalu village in Yelwal hobli — planned on 26.31 acres — the Department of Youth Empowerment and Sports (DYES) has now proposed an even more ambitious project: A full-fledged sports complex at Hanchya-Sathagalli.

The new facility will come up on 25.2 acres of land owned by the Mysuru Urban Development Authority (MUDA), which was earlier earmarked for an international cricket stadium.

The land spans Survey Numbers 84, 85, 88, 104, 105, 106, 107, and 109, adjacent to Visvesvaraya Technological University (VTU) Regional Centre and is located along the Outer Ring Road between Deve Gowda Circle and KSRTC Sathagalli Bus Depot in Hanchya-Sathagalli Layout 'B Zone.'

Plans for the cricket stadium were shelved after the discovery of a water body on Sy. No. 106. However, DYES has now decided to integrate the 2.28-acre water body into the new project, proposing its rejuvenation to enhance the aesthetic appeal of the complex and use its water for ground maintenance.

Statewide Caste Census for Scheduled Castes begins

Enumeration by 65,000 teachers; Three-phase survey from May 5 to 23; Helplines 94823-00400, 94813-59000

Bengaluru, May 5 (Agencies)- The Karnataka Government today launched a comprehensive caste census focused on Scheduled Castes (SCs) to gather detailed demographic data on sub-castes to ensure equitable distribution of reservation benefits and uphold social justice.

Addressing a press conference in Bengaluru this morning, Chief Minister Siddaramaiah said the exercise is critical for implementing internal reservation policies within SC communities based on empirical evidence.

Man hacked to death in Varuna over old enmity

Mysuru, May 5 (RK&KS)- A rowdy-sheeter was hacked to death by a gang of assailants in front of a hotel in Varuna Police limits in the early hours of today, sparking tension in the area.

Karthik

The deceased has been identified as Karthik (32), son of Daivasankalpa and a resident of Kyathamaranahalli in Mysuru. Formerly an autorickshaw driver, Karthik was recently involved in real estate dealings and had an assault case registered against him at Udayagiri Police Station.

According to preliminary reports, Karthik had taken a room at Hotel Yathin on T. Narasipur Main Road four days ago. He was known to visit the hotel in the evenings and leave by early morning.

At around 1.30 am today, Karthik arrived at the hotel in his four-wheeler and parked outside. As he was about to enter the premises, two men on a scooter called out to him. While he was speaking to them, one of the men suddenly pushed him to the ground and began assaulting him, soon joined by his accomplice.

Moon Watch by COSMOS at Vijnana Bhavan tomorrow

Mysuru, May 5- The Cosmology Education and Research Training Centre (COSMOS)-Mysuru of the Indian Institute of Astrophysics (IIA), is organising a Moon Watch programme on May 6 from 6.30 pm to 8 pm in association with University of Mysore (UoM) at Vijnana Bhavan, Manasagangothri, in city.

The event will be an evening of moon watching through the telescope and entry is free for students and the general public. However, the registration for the event is mandatory and can be done through the link: *https://bit.ly/cosmos-moon*

Registration is open to the first 200 persons only, and the event is subject to clear skies and a cloud-free evening, according to N. Amoghavarsha, Project Associate-I, COSMOS-Mysuru.

EDITOR'S BOTTOMLINE

TIMELESS TEXTS, ETCHED IN WORLD'S MEMORY:

UNESCO's decision to add manuscripts of the Bhagavad Gita and Bharat Muni's Natyashastra to its Memory of the World Register underlines the value of the texts and their place in the world's heritage. The two are among the 74 new documentary heritage collections added this year. UNESCO launched the Memory of the World (MoW) Programme in 1992 with the aim of "guarding against the collective amnesia, calling upon the preservation of the valuable archive holdings and library collections all over the world, and ensuring their wide dissemination." The register is a compendium of documents — manuscripts, oral traditions, audio-visual materials and library and archive holdings which are of "world significance and outstanding universal value."

It now has 570 entries from different parts of the world, which include historical, religious and artistic items as diverse as Sri Lanka's Mahavamsha chronicles, Auschwitz trial recordings and Cuban film posters. Earlier entries from India included the Rig Veda, works of philosopher Abhinavagupta and the archives of the Dutch East India Company. Both the entries this year are manuscripts preserved by the Bhandarkar Oriental Research Institute, Pune.

Both the Gita and the Natyashastra mark the high intellectual and cultural points achieved by India centuries ago. It is not just as religious or literary texts that they have been added to the MoW programme. UNESCO's decision affirms their universal value and aims to make them better known and to facilitate greater access to them for research and education. It has also taken care to preserve the world's documentary heritage, particularly in areas affected by conflict and natural disasters.

It considers documentary heritage as important for sustained development and links all 17 Sustainable Development Goals (SDGs) to the cultural traditions and achievements of societies. UNESCO rightly concludes that an affirmation and acknowledgement of these traditions will hold societies together and underline the importance of humanity.

Prime Minister Narendra Modi has described the inclusion of India's inscriptions as a "proud moment for every Indian across the world." These are India's contributions to the world's heritage. He also said it is a global recognition of India's timeless wisdom and rich culture. The UNESCO project sends out the message that the wisdom and culture of the world is the result of individual contributions of all countries. These contributions are from different parts of the world and from across fields. The documents record the progress of the world through centuries and together, represent the whole range of human activities which will be preserved as its collective memory. They link the past to the present and take it forward to the future. *—In Deccan Herald*

NEWS SPARKLERS

The hyperrealistic tattoos of Victoria Lee

Beijing: Victoria Lee is a talented tattoo artist who can create incredibly detailed colour tattoos that look just as good as high-definition photographs.

Hailing from Beijing, Lee was originally known for her incredibly detailed black and white tattoos, but she has since transitioned to coloured artworks as well, producing some truly mind-blowing art pieces.

Victoria Lee has been involved in art since the age of four, but she has only been doing tattoos since 2014, and she is already regarded as one of the world's leading hyperrealistic tattoo artists, and for good reason. Her fast-growing portfolio includes some of the most impressive photo-like tattoos one will ever see.

'Seagull Boy' is second gull screeching champ

Brussels: A British boy whose seagull imitating skills earned him the nickname "Seagull Boy" has won his second consecutive title at the European Championship Gull Screeching event in De Panne, Belgium.

Cooper Wallace, 10, was dressed in a seagull costume to perform his bird imitation at the competition and scored his second consecutive win in the junior category.

Wallace, whose seagull screeching career began when he was bitten by one of the birds, turned out to not be the only ear-piercing performer in the family, as his 7-year-old sister, Shelby, aka "Sea Gurl" placed fourth.

The annual competition featured a total 70 participants from 13 countries. The judges analyse each contestant by criteria including the calls, the competitor's seagull garb and their ability to emulate sea bird behaviour.

Talent Show marks World Down Syndrome Day at Nexus

Mysuru, May 5 - The PADHA Trust, in association with Rotary Interact Club of Devdan Foundation, hosted a Talent Show to celebrate 'World Down Syndrome Day' at Nexus Centre City recently.

This event was sponsored by the first-ever Interact Club for special needs children, PADHA Trust and their friends.

The show featured a variety of performances, including dancing, singing and fancy dress showcasing the incredible talents of children with special needs.

Rotary dignitaries, special schools, educators, parents, and well-wishers, who attended the event, praised the efforts of young participants.

Chief guests Aunty Helen of Beautiful Gate Special Needs School and Vijai Bopanna of Rotary E Club of Mysuru, commended the initiative, highlighting the need for more such platforms to nurture and celebrate the abilities of special needs children.

Devdan Foundation, Beautiful Gate, Mythri, Grace Open School and Arunodaya are the few special schools of Mysuru who gave amazing performances symbolising teamwork, perseverance and confidence.

PADHA Trust and the Rotary Interact Club of Devdan Foundation expressed their gratitude to Nexus Centre City, sponsors, volunteers and supporters for making the event a grand success.

REALLY...?

- *The word cattle has been used in English for about 1,000 years and the meaning has changed. In books such as the King James Version of the Bible, the word is used for all sorts of farm animals, including horses, sheep and goats. The word comes from the Old French word, chattels, meaning all the things that a person owns.*

LAUGHTER THE BEST MEDICINE

A lady was so alarmed that she kept running up and down the stairs of a double-decker bus. At last the conductor asked her: Why are you running up and down there?

Lady: Because there's no driver up there!!

Garbage dumping on the rise along Ring Road

Sir,

Despite repeatedly bringing the issue to the attention of Mysuru City Corporation (MCC) authorities through this column, garbage dumping along the service road of the Ring Road — from Aditya Circle to H.D. Kote Road junction — continues unchecked. The garbage heap is growing by the day, creating an eyesore for both residents and tourists.

There are two main reasons for this menace:

First, irresponsible citizens who, instead of handing over household waste to MCC garbage collection vans, arrive in vehicles and dump garbage along the service road. When confronted, they become aggressive.

Second, the MCC's lack of systematic waste clearance — Pourakarmikas themselves are seen segregating waste and discarding dry waste on nearby vacant plots and roadsides.

I urge the MCC Commissioner to take firm action: Clear the accumulated garbage along this stretch and install warning signboards to deter citizens from dumping waste.

K.V. Shankaragowda Samaja Seva Award presentation tomorrow

Mysuru, May 5 (VNS) - K.V. Shankaragowda Samaja Seva Awards will be presented by Adamya Rangashale in memory of former Minister K.V. Shankaragowda, who was honoured with the title 'Nitya Sachiva' by Kuvempu, during a function to be held at Kiru Rangamandira in city tomorrow at 5.30 pm, said Adamya Rangashale Founder-Secretary Chandra Mandya, here yesterday.

Addressing presspersons at Pathrakarthara Bhavan, he said that the awards will be presented to senior journalist C.K. Mahendra, Srirangapatna Dy.SP Shanthamallappa, Karnataka Rajya Hindulida Vargagala Jagrutha Vedike President K.S. Shivaramu, Department of Treasury Additional Director V. Bhayalakshmi, Mysore Chamber of Commerce and Industry (MCCI) President K.B. Lingaraju, Script Writer Lokeshgowda and Entrepreneur Sanjay Hebbar by MLA G.T. Devegowda.

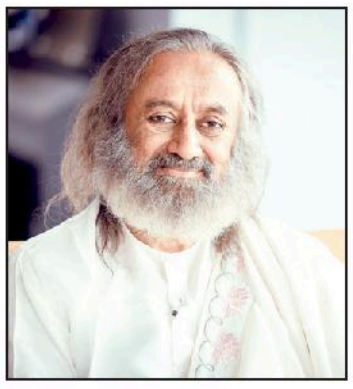
The programme will be inaugurated by Suyog Hospital Chairman Dr. S.P. Yoganna. University of Mysore former Syndicate Member Dr. E.C. Ningaraj Gowda will preside. Adamya Rangashale Hon. Secretary T. Satish Javaregowda will deliver the felicitation address. Superintendent of Police (Internal Security) Dr. A.N. Prakash Gowda, Sri Adichunchanagiri Educational Trust Administrative Officer Dr. A.T. Shivaram and Paduvarahalli Gramabhyudaya Trust President Mellahalli Mahadevaswamy will be the chief guests.

Trade Licence Renewal Mela in city on May 7

Mysuru, May 5 (KS)- The Mysuru City Corporation (MCC) has organised a Trade Licence Renewal Mela for the year 2025-26 at Hotel Owners Association premises in Krishnamurthypuram here on May 7 from 10 am.

Traders are required to produce their ownership documents, identity proof, PAN number, mobile phone number, passport size photo, email ID, previous Trade Licence copy and pay the licence renewal fee, according to Mysuru Hotel Owners Association President C. Narayanagowda.

1,000-year-old Somnath Jyotirlinga *darshan* at Art of Living Ashram in city tomorrow



Sri Ravishankar Guruji

Mysuru, May 5- The Art of Living, a spiritual organisation founded by Sri Ravishankar Guruji, has facilitated the public viewing of what they believe to be the original 1,000 years old Somnath Jyotirlinga at its Ashram in Lalithadripura Road in city from 5 pm to 8 pm tomorrow (May 6).

Announcing this at a press meet at Pathrakarthara Bhavan in city yesterday, Ashram Apex Member R.A. Ravikumar said that the Ashram had already facilitated Jyotirlinga *darshan* at various places in Tamil Nadu, Kerala and Bengaluru. Sri Vishnu Swamiji will be bringing the Jyotirlinga to Mysuru and after allowing for *darshan* here, it will be taken to other places, he added.

"After facilitating Jyotirlinga *darshan* across the country, Sri Ravishankar Guruji will install the Jyotirlinga at Somnath Temple in Gujarat for which the date is yet to be finalised," said Swamiji.

Ashram Apex Member Suresh, Avinash Asaran, Subbushreshti, teachers Roopa and Vidya were present at the press meet.

History: For thousands of years, Somnath Temple in Gujarat has earned the reputation of being the first Jyotirlinga Temple in India. More than a thousand years ago, it was recognised as the most magnificent, divine and richest temple in the world. Here is a surprising, but clear evidence of a Shivalinga floating in the air as recorded in history. It is recorded in the pages of history that the Shivlinga, which was made of a rare stone with magnetic properties, was broken by Mahmud of Ghazni in 1026. It is a legend that this temple has been looted and demolished 17 times.

It is said that after Mahmud of Ghazni destroyed the floating Shivalinga, some of the remains were collected by the then Agnihotri Archakas who then came to South India. Then the Agnihotris give Shivalinga form to the remains and start worshipping it.

Following this tradition, the Agnihotris who were the saviours of that time, approached Kanchi Paramacharya Sri Chandrashekara Saraswati Mahaswamiji in 1924 and informed him about the Jyotirlinga.

It is learnt that the Mahaswamiji preserved the Jyotirlinga for another 100 years and later was informed to be handed over to today's global saint Sri Ravishankar Guruji, after the re-establishment of Ayodhya Ram.

According to the scientists who have examined the Jyotirlinga stone, it must have iron content to have magnetic properties. But it is a wonder of science that even though the rock has only 2% iron content, it has magnetic properties. Such a Divya Darshan Yatra of the historically famous Jyotirlinga is organised all over India.

Mysuru-Kushalnagar 4-lane Highway work picks up pace

Mysuru, May 5 (BCT)- The Mysuru-Kushalnagar four-lane Highway project, spanning 92 kms, is making steady progress, with construction actively underway on two key stretches.

Road construction is in progress at the 19-km section from Agrahara in Srirangapatna to Yalachanahalli in Mysuru taluk and the 24.10-km segment from Belthur in Hunsur taluk to Harave Mallarajapattana in Periyapatna.

However, the project has encountered hurdles on the 22-km stretch from Kushalnagar to Madikeri, where environmentalists have raised objections and filed legal challenges. As a result, work will proceed only up to Kushalnagar, according to former MP Prathap Simha.

The recent approval of Package 3 by the Centre is set to streamline travel along the Bengaluru-Mysuru-Madikeri corridor. Once completed, the Highway is expected to significantly reduce travel time between Bengaluru and Kushalnagar.

According to National Highways Authority of India (NHAI) officials, the new alignment will begin at Guddehosur near Kushalnagar and end near Srirangapatna, connecting to the Bengaluru-Mysuru National Highway 275.

The project also includes bypasses at Periyapatna and Kushalnagar to ease traffic congestion. Officials emphasised that the chosen route primarily traverses agricultural and dry lands, minimising social and environmental disruptions.

The project traces its origins to 2018, when the then MP Prathap Simha secured approval from Union Minister Nitin Gadkari for the Mysuru-Madikeri four-lane Highway. However, environmental concerns over the Kushalnagar-Madikeri segment led to the formulation of the Mysuru-Kushalnagar alternative.

The project gained further momentum on March 12, 2023, when Prime Minister Narendra Modi performed the *bhoomi puja* (ground-breaking ceremony) during the inauguration of the Mysuru-Bengaluru Highway near Gejjalagere.

Unidentified body found

Mysuru, May 5 (KS)- Mysuru Railway Police, on May 2, have found a body of an unidentified man, who was run over by a moving train between Naganahalli and Pandavapura Railway Stations and have shifted the body to MMC&RI mortuary besides registering a case.

The deceased is aged between 30 and 35 years, 5.6 ft. tall, light brown complexioned, normal built, round faced, has 'R A' tattooed on his right hand and was found wearing a green coloured checks full arm shirt and blue jeans pant, silver-like bracelet, finger ring and a chain around his neck. The kith and kin of the deceased, if any, may contact Mysuru Railway Police Station on Ph: 0821-2516579.

Boy dies as concrete window frame falls

Aryan S. Gowda

Mysuru, May 5 (KS)- A six-year-old boy died after a heavy concrete window frame fell on him at his grandfather's house in Sirsi, Uttara Kannada.

The deceased boy is Aryan S. Gowda, son of Srikant Gowda and Kavya couple, residents of Hinkal in city.

Srikant's parents reside in Sirsi and sell construction materials. Following summer holidays, Srikant, along with his wife and two sons, had gone to Sirsi. On Friday afternoon, a heavy concrete window frame fell on Aryan and the family members immediately lifted the window frame, but Aryan had died by then.

Last rites were held at Srikant's native place Ragimuddanahalli in Pandavapura taluk on Saturday.

Man sentenced to life for killing woman

Mysuru, May 5 (KS)- The Fifth Additional District and Sessions Court has sentenced a man to life imprisonment for killing a woman.

The man, who was sentenced, is Pramod Kumar, a native of Odisha, who was residing at a rented house in Jayadevanagar 3rd Cross in Mysuru. The deceased is Kaberi Gadai, who was staying with him.

Pramod and Kaberi, had told the house owner that they were couple and have a 14-year-old son. Pramod used to go to a factory for work and was leading a happy life.

Meanwhile, Kaberi developed friendship with one Sachin Kumar of Uttar Pradesh and the duo used to talk and message constantly over the phone resulting in misunderstanding between Pramod and Kaberi.

On Dec. 19, 2023, Pramod had warned Kaberi against speaking with Sachin, but still Kaberi continued to talk with Sachin leading to quarrels between Pramod and Kaberi. On the night of Jan. 2, 2024, when Kaberi was speaking over the phone while preparing dinner, Pramod caught her hair and began to pull her. Her son, who heard the commotion, rushed to the rescue of his mother. But Pramod, who took a knife from the kitchen, cut Kaberi's neck and killed her.

A case was registered at Metagalli Police Station and the then Inspectors A. Mallesh and Shantharam, conducted investigations and had submitted a chargesheet to the Court.

Judge Gururaj Somakkalavar, who took up the case, heard the arguments from both sides, found Pramod Kumar guilty of the crime and sentenced him to life imprisonment besides imposing a fine of Rs. 10,000.

B.E. Yogeshwar was the Public Prosecutor in this case.

Two from Odisha arrested: 32 kg ganja seized

Mysuru, May 5 (KS)- City Police have arrested two persons from Odisha and have seized a large quantity of ganja from them.

Those arrested are 36-year-old Dali and 33-year-old Babula Madi of Malkangiri district in Odisha and the Police have seized 32.625 kg ganja kept in 42 bundles from them. Another accused Sadiq Pasha has gone absconding.

On Apr. 30, following a tip off that a huge quantity of ganja was kept in a car parked near a lodge in Lashkar Mohalla 2nd Cross, Sub-Inspectors K. Lepaksha and Raju Konakeri and staff Ravikumar, Purshotham, Madhukumar, H.M. Devaraj, Doddegowda, Mohanaradhya and Mamatha, raided the spot during which Sadiq Pasha escaped and the Police arrested the other two accused and seized ganja from them.

Obituary

J.G. Nagubai

Mysuru, May 5- J.G. Nagubai (79), wife of late Dr. J. Gopalachar (retired Professor of NIE) and a resident of Vidyaranyapuram, passed away this morning in city.

She leaves behind one son, one daughter and a host of relatives and friends.

Last rites were held at the foot of Chamundi Hill this afternoon, according to family sources.

Covert tree killings across Mysuru city raise alarm

Mysuru, May 5 (MTY&BCT)- Despite public uproar over the overnight felling of 40 trees on Hyder Ali Road for road expansion, environmentalists warn that a more insidious campaign to destroy Mysuru's urban greenery is underway.

Trees along major thoroughfares are being deliberately damaged, with acid and chemical sprays reportedly used to dry them out, often at the behest of shop owners who claim that branches obstruct their signage and movement.

Roads like D. Devaraj Urs Road, Sayyaji Rao Road, Ashoka Road, Manandavadi Road, and Dattagalli — once shaded by trees planted decades ago — are witnessing a slow but systematic erasure of their green canopy.

Environmentalists are sounding the alarm over this covert destruction, which they fear will have dire consequences for Mysuru's climate, leading to intensified heat, erratic rainfall and degraded air quality.

In addition to the trees felled for road widening, nearly 300 more trees on Manandavadi Road and Dattagalli have been marked for removal to accommodate electrical lines and road expansion.

This has triggered fierce opposition from environmentalists, who are calling on authorities to intervene and halt what they see as an unchecked assault on urban ecology.

Following the Hyder Ali Road incident, environmental activists launched a campaign to protect Mysuru's trees. Now, a fresh phase of the movement is targeting miscreants who are silently but steadily killing trees across the city.

On New Kantharaj Urs Road — from Vedanta Hemmige Circle to Srikantasharma Circle (Gaadi Chowka), mature trees that have stood for over 40 years are being intentionally damaged. Three to four deep cuts have been inflicted on their trunks, stunting their growth and causing them to dry up.

Environmentalists say these deliberate acts of harm must be treated as criminal offences. On 6th Cross, Thyagaraja Road, Agrahara, a healthy Honge tree, posing no obstruction, was cut down a few months ago for unknown reasons. Remarkably, it began sprouting again.

But miscreants have since been tearing off its new shoots every week, preventing regrowth and indicating a targeted effort to kill it.

Forest Department warning

Residents are demanding that those responsible be identified and punished. Last year, the Forest Department warned that damaging trees, including carving them, fixing boards or hanging electrical lights, would attract penalties. Yet, violations continue unabated.

Years ago, volunteers partnered with the Forest Department to remove iron rods and harmful incisions from trees. Environmentalists are now urging a revival of such efforts with stronger legal enforcement and surveillance.

Devaraj Urs Road offers a grim example

Once lined with dozens of trees, it is now left with just three — one Peepal and two Gulmohars. Despite annual tree-planting drives, the Forest Department has failed to replenish greenery here.

In contrast, a few responsible shop owners have independently planted and nurtured wild banana plants, regularly watering and caring for them.

Activists argue that more businesses should follow suit instead of citing trees as obstructions. Some individuals are even competing for parking spaces beneath young trees while disregarding their importance. The Forest Department's inaction in the face of such disregard is raising serious concerns.

Environmentalists insist the time for appeals is over — what Mysuru needs now is strict enforcement, heavy penalties and a collective commitment to protecting its trees before irreversible damage is done.

Man hacked to death in Varuna over old enmity

(Continued from page 1)

Moments later, another four-wheeler pulled up outside the hotel and a group of armed men jumped out and launched a brutal attack on Karthik with lethal weapons, killing him on the spot before fleeing.

The entire incident was captured on CCTV and the chilling footage has since gone viral on social media.

Varuna and Mysuru South Police rushed to the scene, conducted the mahazar and shifted Karthik's body to the Mysore Medical College and Research Institute (MMC&RI) mortuary.

Superintendent of Police (SP) N. Vishnuvardhana, Additional SPs Nagesh and C. Mallik, and Dy.SP Karim Rawther visited the spot to assess the situation.

Police suspect old enmity to be the motive behind the murder. Three teams have been formed to track down the assailants.

Apart from the viral CCTV clip, investigators are also collecting footage from nearby surveillance cameras to aid the probe.

A case has been registered at Varuna Police Station and Mysuru South Inspector Shivananja Shetty is leading the investigation.

Post-mortem was conducted this morning and the body has been handed over to Karthik's family.

Sports Complex to come up at Hanchya-Sathagalli

A cycling velodrome (picture for representation only).

(Continued from page 1)

This development aligns with Chief Minister Siddaramaiah's announcements in the 2025-26 State Budget, which earmarked Rs. 2 crore each for establishing wrestling, volleyball and kho-kho academies in Mysuru.

Velodrome idea revived

A cycling velodrome, initially proposed in the 2023-24 budget but delayed due to the unavailability of land, has also been revived and will be incorporated into this new complex.

Following the dropped cricket stadium plan, DYES submitted a proposal to MUDA to establish the velodrome at Hanchya-Sathagalli. MUDA, in turn, recommended a broader vision, urging the Department to plan a comprehensive sports complex instead.

Speaking to *Star of Mysore*, DYES Assistant Director Bhaskar Nayak confirmed that the proposed complex will include a sports hostel, a synthetic athletic track, a cycling velodrome and additional practice grounds.

"The proposal has been submitted to MUDA. Their engineering team will soon conduct a land survey and valuation. Once this is completed, the land will be handed over to us and a Detailed Project Report (DPR) will be prepared to assess the total cost of the complex and the velodrome," Nayak said.

Igniting new aspirations

A velodrome is a purpose-built arena for track cycling, with a steeply banked oval track composed of two curved ends connected by straights. The proposed facility in Mysuru is expected to ignite new aspirations among the city's cyclists, giving them a world-class venue to train for national and international competitions.

Typically, a velodrome requires 10 to 15 acres of land to create a comprehensive cycling zone featuring not only the velodrome but also a pump track and dirt track for varied cycling disciplines.

Currently operating from Chamundi Vihar Stadium, the DYES sees the new complex as an opportunity to expand training facilities and provide much-needed space for renovations at the existing stadium.

Once completed, the Hanchya-Sathagalli sports complex is expected to transform Mysuru into a regional hub for athletics and cycling, offering budding sportspersons world-class infrastructure and renewed hope.

Deporting Pak nationals: BJP alleges State inaction

Urges citizens of Mysuru to remain vigilant in their neighbourhoods and keep Police informed

Krishnaraja MLA T.S. Srivatsa addressing the media persons at City BJP Office in Chamarajapuram this morning as City BJP President and former MLA L. Nagendra, District (Rural) BJP President L.R. Mahadevaswamy, State BJP SC Morcha General Secretary Paramananda, City BJP SC Morcha President V. Shailendra, District BJP General Secretary B.M. Raghu and others look on.

Mysuru, May 5 (BLU&TRR)- City BJP President and former MLA L. Nagendra has accused the Congress-led State Government of failing to act decisively on identifying and deporting Pakistani nationals residing illegally in Karnataka, despite clear directives from the Central Government.

Addressing the media at the City BJP Office in Chamarajapuram this morning, Nagendra urged the citizens of Mysuru to remain vigilant and inform the Police if they suspect the presence of Pakistani nationals in their neighbourhoods.

Referring to the recent terrorist attack at Pahalgam, where Hindus were massacred by Pakistan-backed militants, Nagendra said, "Several countries have condemned the killings and extended their support to India. Our Prime Minister has declared a firm commitment to dismantle terrorist networks operating within India and from across the border. Accordingly, the Centre has instructed all States to identify and deport Pakistani and Bangladeshi nationals who are illegally residing in India."

He added, "While BJP-ruled States have taken prompt action, the Congress-led Karnataka Government has shown little initiative in this regard. It is the responsibility of the public to alert authorities if they come across any Pakistani or Bangladeshi nationals living illegally in the city."

Nagendra also stated that the BJP would meet the Deputy Commissioner (DC) shortly to discuss the issue and called on party workers to actively assist in identifying such individuals in Mysuru.

MLA T.S. Srivatsa, who also addressed the press, alleged discrepancies in the State Government's data. "While the Government admitted in the Assembly that around 200 Pakistani and Bangladeshi nationals are present in Karnataka, estimates suggest the actual number could be as high as 18,000 to 20,000. We informed the House that approximately 500 such individuals could be present in each district, but the Government remained evasive and failed to give a clear response," he said.

District BJP President L.R. Mahadevaswamy, State BJP SC Morcha General Secretary Paramananda, District General Secretary B.M. Raghu and other leaders were present during the press conference.

Scheduled Castes census begins

(Continued from page 1)

The survey will be conducted in three phases from May 5 to 23. The first phase, comprising door-to-door visits, will take place from May 5 to 17. This will be followed by special camps from May 19 to 21 and an online self-declaration facility from May 19 to 23. The entire exercise will be overseen by a One-Member Commission chaired by retired High Court Justice H.N. Nagamohan Das.

Siddaramaiah pointed out that the 2011 census lacked specific data on SC sub-castes, which is essential for fair policy formulation. He asserted that the government is committed to internal reservations and ensuring that every SC sub-group receives its fair share of benefits.

Over 65,000 school teachers have been appointed as enumerators across the State, with one supervisor for every 10 to 12 surveyors. Citizens are encouraged to provide accurate sub-caste details during home visits, at designated camps, or via the online portal.

This move comes in the wake of the Supreme Court's ruling on Aug. 1, 2024, permitting States to introduce internal quotas for SCs based on validated data. The Nagamohan Das Commission had earlier stressed the importance of an empirical foundation before any such implementation.

The Commission is expected to submit its report within 60 days of data collection, after which the government will finalise new reservation policies.

To assist the public, two dedicated helplines have been established: 94823-00400 for the Department of Social Welfare Control Room and 94813-59000 for the Justice Nagamohan Das Commission. "This survey will ensure that no community is left behind in Karnataka's development journey," the CM added.

Census in Mysuru

In Mysuru district, around 3,700 school teachers have been deployed as enumerators. They will conduct door-to-door surveys in their respective Gram Panchayat limits, primarily operating from polling booth locations.

One supervisor will be assigned to every 10 enumerators. Additionally, officers from the Social Welfare Department and Block Education Officers (BEOs) will oversee the process to ensure smooth and effective implementation.

Security forces eye 54 routes to hunt down terrorists

New Delhi, May 5 (Agencies)- The security forces in Jammu and Kashmir have intensified their search for the terrorists behind the deadly Pahalgam attack and are now focused on 54 routes that begin from Baisaran, the valley where the terror attack left 26 people dead last month, according to sources. Some of these routes go upwards towards dense forests and mountains, while others are connected to different parts of Kashmir.

The Over Ground Workers (OGWs), who have been arrested for providing logistics to terrorists, have been taken to the forests for the search operations. The terrorists are believed to be in hideouts in the forests, sources said.

Graduation Day held at St. Philomena's College

Mysuru, May 5 (KS) - Graduation Day-2025 of St. Philomena's College, Bannimantap, Mysuru was held at the College's indoor stadium in city recently.

College Principal Dr. Ravi J.D. Saldanha welcomed and shared thoughts for the graduates' future endeavours.

Prof. Dr. B. Chandrashekara, Regional Joint Director, Department of Collegiate Education, Mysuru, who was the chief guest delivered an inspiring address to the graduates.

The Rector administered the Graduation Oath, symbolising students' commitment to uphold values of wisdom and service.

The ceremonial Passing on the Lamp of Wisdom was followed by distribution of scholarships recognising academic excellence and meritorious achievements.

Rev. Dr. Lourdu Prasad Joseph, Rector and Manager, delivered the Presidential address, lauding the students and staff for their efforts in achieving academic and personal growth.

The event concluded with vote of thanks by A. Thomas Gunaseelan, IQAC Coordinator, followed by singing of the National Anthem.

The entire event was coordinated by Dr. V. Deepa, Co-coordinator of IQAC. Ronald Prakash Cutinha, Vice-Principal (Administration), William Joseph, Head of the Department of English, Rev. Sr. Angeline Vimal, Convener of the programme, Academic Deans and Administrative Heads were present.

A rare book on Ahilyabai Holkar

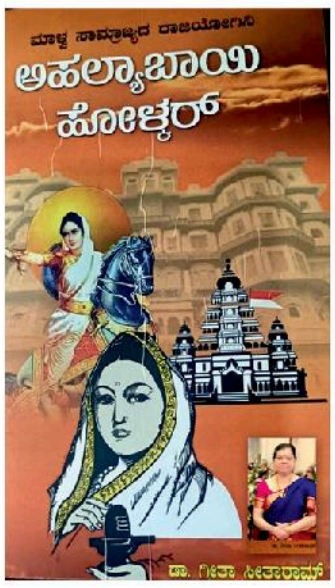
By Dr. Shanthi Narasimhan

Dr. Shanthi

We see today a lot of past Indian history re-lived with great gusto, lest they continue to be hidden under dominating Mughal or British history and forgotten. Thanks to this move for awakening the youngsters through books, TV serials and movies. One such book written in Kannada by Mysuru-based **Dr. Geetha Seetharam** is a remarkable anecdote of ***'Malwa Samrajyada Rajayogini Ahilyabai Holkar'*** (ಮಾಳ್ವ ಸಾಮ್ರಾಜ್ಯದ ರಾಜಯೋಗಿನಿ ಅಹಲ್ಯಾ ಬಾಯಿ ಹೋಳ್ಕರ್). The life never to be forgotten of a lady, who lived 300 years ago, is written as a novel of 532 pages drawing inspiration from a TV serial and also by extensive researching.

This Kannada version is based on Ahilyabai's life from childhood till the age of 72 years. Renowned academician Dr. Kabbinale Vasantha Bharadwaj has appreciated the author who has put in a lot of effort to make narration from life of a small town girl to a carefree youth in royal Palace and later an extraordinary achiever in administration.

Suttur Seer Sri Shivarathri Deshikendra Swamiji has also recorded the effort the author has taken to abridge a power-packed life history without losing the seriousness. The author has modestly accounted her earlier effort to write true life pictures of historical greats like Panna, Chola kings Kattabomman, Parthiban, Punjab lioness Maharani Jindan Kaur etc., as encouraged by Kannada writers C.N. Muktha and Kalki Krishnamurthy.



Title: 'Malwa Samrajyada Rajayogini Ahilyabai Holkar
Author: Dr. Geetha Seetharam
Year: 2024
Pages: 532
Price: Rs. 550
Publisher: Geethanjali Publications

In this novel, revolutionary ideas of Ahilyabai Holkar in matters such as remarriage and adoption rights for widows, legitimising family rights for heirs, anti-dowry and equality in education for women are brought out as individual characters. As an arbitrator covertly in family feuds in normal households or royal families is smoothly brought out in the novel.

The author has given a good space in the story line to Ahilyabai's personal family life also including as a warrior. A contribution to rejuvenating places of worship in her kingdom and also outside to win the hearts of people is brought out beautifully.

Her effort to reinstate Kashi Vishwanath temple is recognised even today. A statue of Ahilyabai was erected in the premises of the temple in 2021.

On the whole, it is an absorbing book on the glorious life of a woman of Hindu renaissance Ahilyabai Holkar.

Rotary Midtown celebrates Charter Nite

Rotary Mysore Midtown celebrated its 44th Charter Nite at Hotel Le Ruchi on May 3. Rotary Mysore Past President Rtn. GSSS Architecture School students take out Peace Rally for climate awareness

A group photo of the students of GSSS School of Architecture for Women, Mysuru, during the recent Peace Rally in city to promote sustainable practices and eco-friendly modes of transport.

Mysuru, May 5 - Students and faculty of GSSS School of Architecture for Women (GSSS SOAW), Mysuru, had organised a Peace Rally in an attempt to raise awareness about the impact of urbanisation and climate change in Mysuru recently.

The students and faculty of GSSS SOAW conducted a cycle rally by hiring Trin-Trin cycles individually from the cycle stands and electric scooters in an attempt to demonstrate a cleaner mode of transportation.

The rally began from Kote Anjaneyaswamy Temple gate to Gandhi Square, Chikka Gadiyara, across Devaraj Urs Road and old DC's Office culminating at Kukkarahalli Lake Gate.

The students performed skits near Kote Anjaneyaswamy Temple, Chikka Gadiyara and near Kukkarahalli Gate highlighting the need to take immediate action regarding the cause.

The skit addressed topics like rising temperatures, cutting of trees for road widening, increasing pollution levels and water stressed KRS Dam.

The final scene of the skit showed a concerned Devi Chamundeshwari urging the residents of Mysuru to be more water and environment sensitive, use public transport and increase the nature's footprint in the city. The skit concluded with a plea to Mysureans to not only celebrate Dasara — the essence of the city of Mysuru — but also celebrate its natural heritage and conserve it for future generations.

GSSS SOAW has thanked Mysuru Traffic Police for their co-operation in organising the event and ensuring a safe passage through the city for the cyclists.

Climate workshop for MITM Civil Engineering students

Mysuru, May 5 - The Indian Geotechnical Society (IGS) Student Chapter at Department of Civil Engineering, Maharaja Institute of Technology Mysore (MITM), in association with Environmental Management and Policy Research Institute (EMPRI), Bengaluru, had organised a workshop for students recently.

The workshop titled "Short lived climate pollutants and Sustainable lifestyle for Environment" had sessions handled by the experts from EMPRI M.P. Likitha, Dr. Narayan Kayet and Dr. Vinaya Chaitanya, throwing light on climate change and sustainable lifestyle. The students and faculty of civil engineering took active part in the programme. Dr. C. Ramakrishnegowda, Professor and Head of Civil Engineering, A.M. Aniruddha, Administrative Officer, S. Varun, B.R. Manoj and Ashwini, the office-bearers of IGS Student Chapter were present during the programme.

FROM LEFT: ***A.M. Aniruddha, Administrative Officer, Dr. C. Ramakrishnegowda, Head of Civil Engineering, Dr. Narayan Kayet, M.P. Likitha and Dr. Vinaya Chaitanya, EMPRI, seen with the IGS Coordinators, faculty and participants at the workshop held at MITM.***

Automotive Axles, Apollo BGS Hospitals, Mysuru, partner to treat disabled kids

Vinayaka V. Bhat, Senior General Manager, Automotive Axles, addressing media persons at Apollo BGS Hospitals in city recently as others look on.

Mysuru, May 5- As part of their Corporate Social Responsibility (CSR) initiatives, Automotive Axles Ltd., has joined hands with Apollo BGS Hospitals, Mysuru, to provide a specialised treatment for children affected by Clubfoot and Cerebral Palsy.

This meaningful collaboration aims to significantly enhance the quality of life for these children and their families, offering a new hope and opportunities for a better future.

Vinayaka V. Bhat, Senior General Manager, Automotive Axles, addressed media persons at a media briefing organised at the premises of Apollo BGS Hospitals recently.

Expressing his gratitude, Bhat said "The entire team at Automotive Axles is truly delighted to contribute to this cause. It gives us immense satisfaction to know that our efforts are helping children take their first confident step towards a brighter future. We sincerely appreciate the exceptional service, dedication and compassionate care provided by Apollo BGS Hospitals, Mysuru, which is truly unparalleled. Initially five children are being treated and is being mulled over to extend the benefit of treatment to 20 children in the future."

Dr. Shreyas Alva, Consultant Paediatric Orthopaedic Surgeon at Apollo BGS Hospitals, stated, "This noble initiative sets a remarkable example for society. More corporates should come forward and embrace social responsibilities like this. Treatments can make a meaningful difference, improving children's lives to a great extent. Many children suffer silently from such disabilities, but with proper care and timely intervention, their lives can be positively transformed."

N.G. Bharateesha Reddy, Vice-President and Unit Head, Apollo BGS Hospitals, Mysuru, said that "The initiative taken by Automotive Axles is highly commendable. Corporates coming forward for such noble causes truly make a difference. At Apollo BGS Hospitals, Mysuru, we offer advanced treatments for conditions like Clubfoot and Cerebral Palsy with expert care and cutting-edge facilities, which have shown remarkable outcomes in improving children's lives and always makes patient's life better."

Parents of the children, who are availing of the benefit of treatment said, as we couldn't afford the treatment earlier, we were visiting the hospital for related tests. Following the advise of Dr. Shreyas Alva, we are getting treatment for the children now.

Centre's caste census to ensure social justice: Raghu Kautilya

R. Raghu

Mysuru, May 5 (MTY&BCT)- BJP OBC Morcha State President R. Raghu Kautilya has lauded the Centre's decision to conduct a caste census alongside the national population census, calling it a "historic and courageous step" toward social justice. He said the move aligns with Mahatma Gandhi's vision of inclusive governance.

Addressing reporters at BJP Office in city recently, Raghu said the decision signals the Government's commitment to craft evidence-based welfare policies. "This is not just a political move, it's a transformative decision aimed at ensuring equality," he said.

Citing Karnataka's rich legacy of social justice, Raghu recalled the efforts of Jagadguru Basavanna and later D. Devaraj Urs, who implemented Havanur Commission recommendations to uplift the backward communities. He accused CM Siddaramaiah of misusing the AHINDA platform, meant for minorities, backward classes and Dalits, for self-political advantage without delivering real benefits.

Raghu also said the State Government lacks legal authority to conduct census and criticised it for withholding the findings of its caste survey. "Even after receiving the report, the Government has not made it public. The survey is believed to have excluded unorganised and nomadic communities and there are serious concerns over data manipulation," he added.

He further alleged that the Siddaramaiah Government had not introduced a single effective programme for backward classes and denied reservation benefits to the most disadvantaged groups.

Writer Banu Mushtaq sure of getting Booker Prize-2025

Mysuru, May 5 (SPN&BS)- Writer Banu Mushtaq, whose Kannada literary work 'Heart Lamp' a collection of selected stories, has been translated into English by Deepa Bhasthi and is among six literary works shortlisted for International Booker Prize-2025, has exuded confidence of winning coveted prize.

She was speaking during a programme organised to release the revised edition of her work *Haseena Mathu Ithara Kathegalu,* organised jointly by Abhiruchi Prakashana and Mysuru Book Clubs Charitable Trust, at The Institution of Engineers India (IEI), Mysuru Centre, recently.

Banu Musthtaq said, "The Booker Prize is expected to be announced in London on May 20. I will be attending the ceremony along with my three children. I request my well-wishers to pray that I being an Indian and Kannadiga, win the prestigious award."

Two decades ago, filmmaker Girish Kasaravalli was in search of a good story to portray the travails of women. As he failed in his quest, somebody drew his attention towards my book *Kari Nagaragalu*.

"After learning about Kasaravalli being introduced *Kari Nagaragalu,* I was excited and expected a call from Kasaravalli. One day, I got a call from him and I was not surprised, when he informed me. I am awaiting a similar experience in the case of Booker Prize," she said.

"During the premier show of *Haseena* (the screen adaptation of *Kari Nagaragalu*), which was released in 2004, actress Tara, who had played the main role was seated next to me. Holding my hand, she was watching the premier, when I told her that she would win the national award. My prediction came true, as Tara won the national award," she recalled.

"I had asked a journalist friend if anybody was interested to translate my works into English. They gave the phone number of Deepa Bhasthi and when I contacted her, she was at Manipal Hospital, convalescing after a heart surgery. A few days later, I got a call from Bhasthi requesting permission to publish my stories in United Kingdom. It won the PEN Award and is now shortlisted for the Booker Prize," she said.

Senior journalist Preethi Nagaraj moderated the interaction with Banu Mushtaq. Founder-Chairperson and Director, Mysuru Literary Forum Charitable Trust and Mysuru Book Clubs-2015 Shubha Sanjay Urs Science writer Padma Sriram, former Vice-Chancellor of Karnataka State Akka Mahadevi Women's University Prof. Sabiha Bhoomi Gowda and Publisher Abhiruchi Ganesh were present.

AI holds key in future clinical treatment: Doctors

CME at JSS Hospital on 'Basics of AI and its Current Relevance in Dermatology'

Mysuru, May 5 (BS)- Dr. D. Narayanappa, Principal of JSS Medical College, has opined "Artificial Intelligence (AI) will be playing a bigger role in health sector in the future."

He was speaking at the Continuing Medical Education (CME) programme organised by the Department of Dermatology, JSS Hospital, on the topic 'Basics of AI and its Current Relevance in Dermatology' in city recently.

"The AI will come in handy in the treatment of patients in the coming days. In the era of technology, AI will be playing a significant role, as the technology has notably proven its capability in reading and analysing the images. It will be helpful in augmenting the capacity in reducing errors in deciding the ailment," said Dr. Narayanappa.

Dr. C.P. Madhu, Medical Superintendent of JSS Hospital said that by incorporating AI at the hospital, treatment cost can also be brought down.

Dr. S. Veeranna, Professor, Dermatology Department, JSS Academy of Higher Education and Research (JSS AHER) and President of Mysuru Dermatology Society, suggested that more remedial benefits of AI to the patients can be known if the students dig more into AI.

Following resource persons shared their knowledge and experience in the field of AI:

Dr. Vanishri Arun, Assistant Professor, JSS Science and Technology University (JSS STU), Dr. Vikram Patil, Deputy Dean, Research (Clinical), JSS AHER, Dr. Siddharth Bhatt, Dermatologist, INHS Asvini Hospital, Colaba, Mumbai, Dr. Priyanka Karagaiah, Dermatologist and Advisor, Reva Skin, Hair and Aesthetics Clinic, Bengaluru, Dr. R. Parthasarathy, Assistant Professor, KAPV Government Medical College, Trichy and Dr. Debdeep Mitra, Professor of Dermatology, Command Hospital, Chandigarh.

Dr. G.R. Kantharaj, Dr. Renugha PSS, Dr. S. Ashwini, doctors and students of the hospital were present.

WORD OF THE DAY

Risible

Pronunciation: RIZZ-uh-bul (adjective)
Meaning: Risible is a formal word used disapprovingly to describe things that deserve to be mocked or laughed at because they are absurd or unreasonable.
Origin: Say "cheese"! Now say thank you to the risorius muscles near the corners of your mouth for helping you smile. You might find this exercise a bit ridiculous — risible, even — but we're here to explain that there is no need for derision; it's for a wordy reason. Risible, ridiculous, derision, and risorius all come from the Latin verb ridēre, meaning "to laugh." This etymology helps make the meaning of risible clear; something is described as risible (such as saying "cheese" out loud to yourself while looking at your phone/computer) when it arouses or provokes laughter. But just as its synonym laughable often describes things deserving not just of laughter but of eye-rolling scorn, risible is frequently applied to that which merits both sneer and chortle, scoff and guffaw. Words are funny like that.
Example: "Smartwatches and smartphones are banned in my children's schools during the school day, which I'm very happy about; I find any argument for allowing these devices in the classroom to be risible." — Jessica Grose, The New York Times, 27 Mar. 2024

THE ODD WORD

Gadzooks

Mild oath.

PHRASE OF THE DAY

Can't cut the mustard

Meaning: When you use the expression 'Can't cut the mustard' you mean that someone is unable to succeed or meet expectations.
Origin: The phrase 'Can't cut the mustard emerged in America at the end of the 1800s. The earliest printed example comes from an 1889 edition of The Ottowa Herald: "He tried to run the post office business under Cleveland's administration, but "couldn't cut the mustard." The use of quotation marks indicates that the phrase was already a common one.
Example: "I really like Jake, but he just can't cut the mustard."

QUOTE BOX

Your own mind is a sacred enclosure into which nothing harmful can enter except by your permission. **—Arnold Bennett**

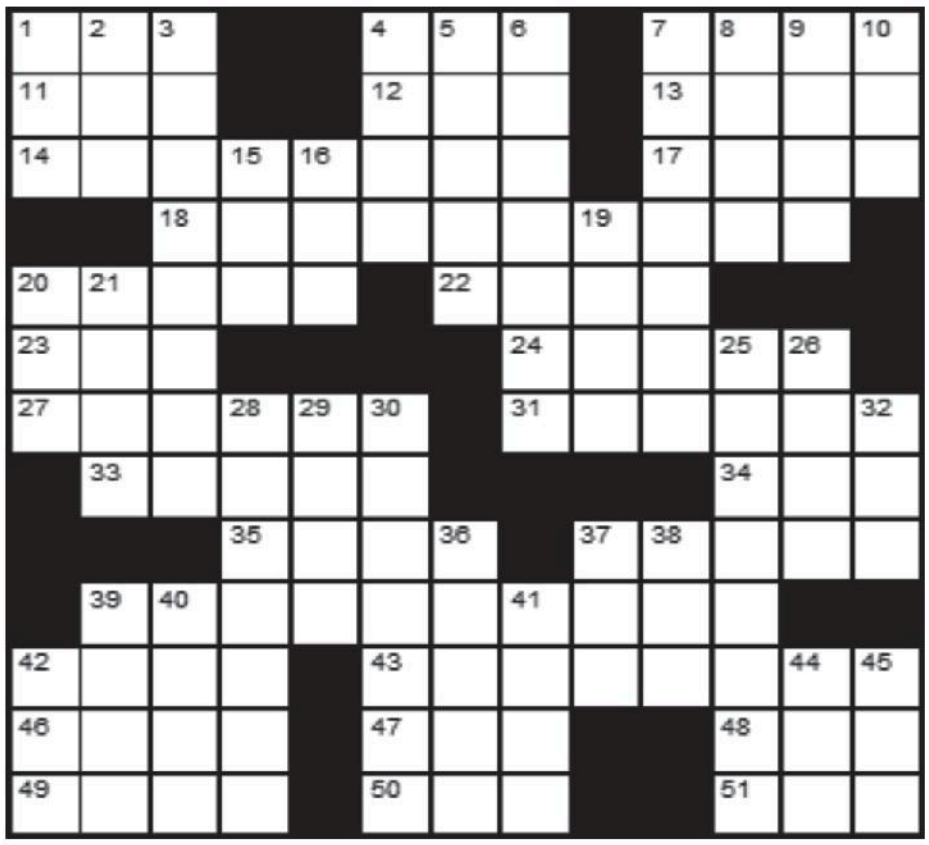
45 So far



CRYPTOQUIP

The Cryptoquip is a substitution cipher in which one letter stands for another. If you think that X equals O, it will equal O throughout the puzzle. Single letters, short words and words using an apostrophe give you clues to locating vowels. Solution is by trial and error.

GKEHNEV GYWO DYO KE BEV OP LKI, PI

LKI LNXX DYO KE BEV OP GKEHNEV.

TODAY'S CLUE: E EQUALS N

Yesterday's Cryptoquip: In creating, the only hard thing is to begin: A grass blade's no easier to make than an oak.
